

Nothing new under the Sun...

Dr. Mitra Makbuleh

I read with great interest the perceptive article “Bad for the Jews,” written by Eric Alterman. I hope you all take the time to read it as well.

There is nothing new under the Sun... Jewish neo-cons not only do not present anything new under the Sun, they also do not represent the true spirit of Judaism. Their ideology is based on the perversion of the Judaic spiritual path. Same goes for non-Jewish neo-conservatives. Theirs is an egomaniacal ideology pure and simple. Just as they used false information to get us into the war in Iraq, they will use any misinformation and half-truth to get us to subscribe to their warped and destructive view of Reality.

There are several authentic universal truths that have been put forth for our consideration for thousands of years. These sound spiritual truths are at the base of the teachings of every decent mystical teacher and true Prophet the world has ever seen. However, sooner or later every teaching falls into the hands of power mongering rascals who hide behind them to accomplish their egotistical goals. Fortunately, as history is witness, they never succeed in the end. So it is with the neo-cons' fascist ideology... there is nothing new about it at all and like all the others it will eventually destroy itself. To help this process along, those who know what's going on must do the following:

1. Make sure their own motivations are pure and for the good of ALL! (This is the most important part!)

2. Stop dealing in anti-Semitic/anti-Masonic diatribe and just pinpoint these rascals and reveal their shenanigans without blaming any particular group.
3. Come up with a viable alternative for how our world should be run in this day and age in order to maximize human creativity and minimize human destructiveness and save the Planet.

Let's get to Work, shall we?!
